## Administrative Advisory

### PRODUCT UPDATE Series 7243 UL21 LPG Hose Marking & Branding Change

To enhance the appearance and identification of the product, the cover of Series 7243 UL21 LPG hose now incorporates a white dash/spiral stripe. The brand text (also white ink) has been updated to read:

SIDE ONE: PARKER 7243 SS CAUTION LP GAS HOSE MH6737 UR ISSUE NO. XXXX  
350 PSI MAX WP (MFG/DATE CODE)

SIDE TWO: CAUTION FOR LP GAS USE ONLY 1750 PSI MIN BURST

There is no change to the hose specification, part number or fit, form and function. Dimensions remain nominal as shown in the current Catalog 4800. The updated hose has been tested and qualified to existing crimp specifications (refer to CrimpSource at [www.safehose.com](http://www.safehose.com)).

The updated hose continues to be listed by UL and meets UL21 requirements.
